- Tech: HTML, CSS, JavaScript, Handlebars, Express, MySQL, Passport
- Role: Develop project concept, implement Agile methodology to maintain production schedule, write server-side logic for MySQL Server responses, write client-side logic to communicate with back-end, create handlebars templates for authentication pages, home page, and review modals

Experience

Central Support Tutor

08/2019 - Present

Trilogy Education Services

Remote

- Central Support provides students in Trilogy's coding boot camps with one-on-one remote tutorial sessions. Each session is 55-60 minutes. We utilize web conferencing apps such as Zoom and text editors such as VS Code or Sublime Text (among others).

Education

Full Stack Web Development Boot Camp Certification: Northwestern University, Chicago, IL 07/2019

A part-time, 24-week Full Stack Flex course that provides the knowledge and skills to build dynamic end-to-end web applications and become a full stack web developer. The program is rigorous and fast-paced and covers both the theory and application of web development.

Bachelor of Science - Cum Laude: Illinois State University, Normal, IL
